HIGHER DEGREE IN NETWORK SYSTEMS ADMINISTRATION

CPIFP Alan Turing | 2024 - Present

HIGH SCHOOL

IES Universidad Laboral | 2022 - 2024

SECONDARY EDUCATION

IES Teatinos | 2018 - 2022

ABOUT ME

I am a 20-year-old student from Málaga, currently in my second year of ASIR, specialising in systems administration, networking and cybersecurity. I work with Linux and Windows Server environments, Docker, and virtualisation using VMware and VirtualBox, and I have a solid foundation in networking and security reinforced through Cisco courses. I consider myself a problem-solver, proactive and quick to adapt. I am looking for an internship or junior IT position where I can keep growing and contribute from day one.

WORK EXPERIENCE

Camp Counsellor (USA)

YMCA CAMP SEA GULL | JUN - AUG 2025 / JUN - AUG 2026

- High-quality supervision and support of children and teenagers in an international environment.
- Recognised for leadership, responsibility and positive attitude.
- Developed strong communication and interpersonal skills with diverse groups.
- Strengthened English level through full immersion.
- Obtained US-valid Lifeguard and First Aid certifications.

IT Systems Intern

TDK ELECTRONICS | FEBRUARY 2025 - MARCH 2025

- Resolved hardware and software incidents using a ticketing system.
- Managed user accounts and permissions in Active Directory.
- Configured and diagnosed network incidents.
- Provided on-site technical support to end users.
